

UFO Ancient History

Fact: Since the half way point in the Lemurian cycle (**Miocene Age 13 to 7.3 Million Years Ago**) when humans began to incarnate into solid physical bodies from etheric bodies; two groups of ETs have guided human evolution. One group was “*philosophy*” based. The other group was “*science*” based. These two groups have had wars. Hence, earth humans ought to consider these ETs as stewards of the forces of evolution. Symbolically understood, they are as two hands folded in prayer to the divine plan of the universe.

Fact: Each nation on earth has its' own path or evolution. Certain philosophical and scientific members of these ETs races have preform interventions that have influenced that earth nation evolution.

UFO Category Classification **4 domains**

Note Well: Each of the 4 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)Interventions
- 2.)Mass Contact Events
- 3.)Mass Sightings
- 4.)One on Ones

Rise of the Black Hats.

The goal of the Black Hats is to protect the economic system. Protect the Kings or Leaders Authority.

The Law of Cycles govern the Black Hats actions. The philosophical and scientific ETs work together to assist these time cycles of war & peace. The law of Karma also uses these cycles of war & peace to assist ETs in the spiritual evolution of the nation in question. There has never been a time when these two ET groups have not interacted with a nation's evolution. Evil can not exist without good. Good can not exist without evil. Duality rules all multi-universes.

Note Well: Each of the 4 Classification may or may not include Physiological and/or Psychological evidence.

b.)**Experiencer:** Occult Trained and Non-Occult Trained. *Mostly confined to sightings. Rare, unless ETs initiated "one on ones".*

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)Public. Most Display Types.
- 2.)Private. Targeted distribution of Information for current or later use.

UFO Crashes

There are two types: Deliberate and Accidental

Note Well: In both cases the ETs have sometimes "Repossess the Technology".

Note Well: Each of the 2 Classification may or may not include Physiological and/or Psychological evidence.

- 1.)Deliberate Crash: A gift from the ETs
- 2.)Accidental Crash:Opportunity for Humans to Study.

3 Types of ET Children

1.)A.I. Assisted UFO control

- a.)Soul-less A.I. Systems. *Without Soul Like Characteristics. Machine Based.*
- b.)A.I. Systems *With Soul Like Characteristics. Machine Based.*
- c.)Biological Based Test Tube Grown Grey Races with Independent Will and Full Human Consciousness.

Biological Soul-less beings lacking the 3.5 Devachan Principles. They only have the Lower Manas, Etheric Physical & Solid Physical Principles. That is they lack the Atma, Budda & Upper Manas Principle which is the soul.

- d.)Soul-less Colons and Near soul like A.I.'s *"who are"* on our Time Line.
- c.)Soul-less Colons and Near soul like A.I.'s *"who are not"* on our Time Line.

2.)Greys

- a.)Grey who reproduce sexually. Most use test tubes unless they mate with other sexual ETs races.
- b.)Greys who use cloning or test tubes. Mostly soul-less unless they mate with other sexual ETs races.
- c.)Most sexual greys have souls.
- d.)Most non-sexual greys don't have souls.
- e.)Both non-sexual and sexual grey exist on our time line and dimension
- f.)Both non-sexual and sexual grey can come from other time lines and dimension.

3.)Breeding Programs or Hybrid Children

- 1.)ETs Males Mate with Human Females During the 2500 year cycle of *Pisces, Taurus, Cancer, Virgo, Scorpio & Capricorn.*
- 2.)ETs Females Mate with Human Males During the 2500 year cycle of *Aquarius, Aries, Gemini, Leo, Libra & Sagittarius*
- 3.)ETs from other solar systems on our Timeline/Dimension *adhere* to this cycle of breeding rotation.
- 4.)ETs from other Timeline/Dimension *may or may not adhere* to this cycle of breeding rotation.

Note: Izzy my ET mate said that the ET races within our solar system do rotate between ET/Females and ET/Males mating cycles, however, other races outside of our timeline and solar system don't. The "Twilight Cycle" overlaps the Pisces Sun Set & the Aquarius Sun Rise transition from one Zodiac house to the next. During twilight cycles both male and females ETs will mate

with earth humans (*See H.P.B's book The Secret Doctrine" for details about "Twilight Cycle" & Time.*)

ET Body Types.

There are three Basic types of bodies forms.

1.)Solid Body

- a.)Our solar System
- b.)Our Galaxy
- c.)Our Timeline and dimension
- e.)Other Timeline and dimension
- d.)Other Galaxy Timeline and dimension

2.)Ethereic Body

- a.)Our solar System
- b.)Our Galaxy
- c.)Our Timeline and dimension
- e.)Other Timeline and dimension
- d.)Other Galaxy Timeline and dimension

3.)Other Body Types.

- a.)Our Galaxy Timeline and dimension
- b.)Other Galaxy (*but not on our timeline or dimension.*)

Black Hat Disinformation Operations.

1.)Abductions

- a.)Protect the economic system of profit and power. *Bad Humans.*
- b.)Mostly solid physical ETs who come from inside and outside our solar system to gather scientific data which the more advance ET races are not allowed to share. (*The reason is that these lower solid physical ETs are spiritually underdeveloped and place science above spiritual knowledge. Without this balance the underdeveloped will at some-point self destruct. Only races that have achieve this balance are allowed to become the guardians of evolution. That is, the more advanced ET races are the caretakers of the lessor civilizations.*)
- c.)The military main motive for allowing private interests to preform abductions is to secure funding to fight other military's and prevent ET information from reaching the public domain. Military Cloning programs may have been experimenting with Bio-killer weapons systems. Some call these human clones robots. However I don't believe these Bio-killer A.I. System are operational yet. Both Russia and America have deployed Psychic weapons.

2.)Cow Mutilations & Abductions *There are three types.*

- 1.)Private Industrial. *They want the public to fear the ETs They believe this will*

increase their budget by way of patent funds. To them, the for profit model means a gravy train of free patents from ET Technology which flows from the military's UFO crash and retrieval operations. This group likes the fact that the military's has created a new class of wealthy hi-tech firms. They support the notion of public fear because it is a free lunch.

Support: The 1st known American case of animal mutilation, That I know of was reported on April 9th 1897 at Leroy Kansas. It appears the 2nd wave began around 1967 in Colorado.

Support: Alexander Hamilton saw a cigar shape UFO put a half inch red cable around one of his heifer cows. The cow got tangled up in his fence wire but the UFO was still able to life the cow up into the sky. Next day Hamilton' neighbor found the heifer's head, legs and hide on the ground. The first patent in the United States for barbed wire was issued in 1867 to Lucien B. Smith of Kent, Ohio, who is regarded as the inventor. Alexander Hamilton lived from 1755 to 1804. It may or may not be that steel wire fencing was in use yet. Soft metals (copper, silver, gold) were processed into wire at least as early as Pharaonic Egypt. If Hamilton's "Red Cable" was drawn "iron wire"; this was achieved on earth about 1450 in Augsburg Germany. Was Hamilton's fence made of Iron or Steel wire?

2.)Undeveloped Spiritual ET Races. Some are Dimensional ETs from different timelines. Some of these come from within our solar system, while other come from different galactic locations and timelines. *They may seek to breed with our time line but maybe lacking in the biological knowledge to do so. Or they may need some resource that they don't have. They also might cut deals with private industrial black hats in exchange for technology. They may also trade technology with other military's in exchange for "non-government sanctioned" abductions and cow mutilations rights. Others solid physical ETs, who come from inside our solar system, do not seem to be highly spiritual. As far as I know all these are subject to treaty restrictions by the more highly evolved spiritual ET races.*

a.)Someone has been targeting cows for mutilation when they are in their cow pens because researcher have discovered "Potassium and Magnesium" markings on the cows. These two chemicals are naked to the eye but detectable to ultra violet light. This may or may not be a private contractor or department of the military project.

Support: It seems highly unlikely that an ET race would use such a system of targeting of cows. It seem more likely that these "chemically mark cows" are part of a disinformation program

Support: Another theory is that time traveling humans from our future are in a jam and need to refresh their DNA. The Problem I have with this is that if you mastered time travel then surely you have mastered the creation of DNA?

3.)Human Mutilation. There are cases of human bodies being found drained of blood and sex organs and soft tissues remove. The motive behind such rare cases are still unknown.
